HARDWARE REQUIREMENTS— CASSETTE DRIVE, JOYSTICK

COMMODORE 64™ IS A REGISTERED TRADEMARK OF COMMODORE, INC.

COMMODORE 64™ BADGE BANDIT OX1208

BADGE BANDIT

The bullets whistle around your head as you consider your various options in this game of cool marksmanship and strategic planning under fire.

The deadly and infamous Badge Bandits have been moving slowly across the land. Rumors precede them, rumors of violent, criminal attacks, of theft and destruction and of an entire lack of mercy. The town's folk are stricken with terror, and in panic, turn to you, District Marshall, to save them from the upcoming onslaught.

As a master of strategy and far-range planning you devise a plan to confront the deadly Badge Bandits, and obliterate them . . . forever.

BADGE BANDIT—A game of intense action in the strategic-battle tradition.

LOADING THE GAME

1) Turn computer off and on again. Insert Joystick in Port 2.
2) Place the tape in the cassette drive (program recorder).
3) Make sure tape is rewound completely.
4) Type LOAD "GAME" and press RETURN.
5) Press PLAY on the cassette drive.
6) Wait for the screen to say READY.
7) Type RUN and hit RETURN.
8) Wait for the game to begin.
9) Follow instructions on screen or press fire button on joystick to begin play.

PLAYING THE GAME

The object of this game is to hit the badge. You want to break through the shield without using all your bullets, so you'll be able to score. Use your joystick to control right and left movements of your man. Use the fire button to release the bullets.

END OF GAME

The game ends after you've hit the badge or run out of bullets.

SCORING

After you've hit the badge, you will receive 10 pts. for each bullet you have left.
